HISTORY/FACTS/ISSUES:

The Development Order (DO) with The Villages provided for the construction of a new library in The Villages which was targeted to the 2nd and final facility to meet the needs of the residential development in The Villages. This facility was contemplated to be south of 466A along with additional governmental space also in the DO. The Villages and Sumter County entered into an agreement to provide land at the current proposed location near the intersection of 466A and CR139 to not only provide service to The Villages but also the growth of the City of Wildwood. In addition to the land The Villages provides a calculated sum to support the construction of the new library.

The City of Wildwood entered into the Interlocal Service Boundary Agreement with Sumter County with the County agreeing to provide the consolidated service countywide including the existing Wildwood Library. In that agreement, the County will begin that service on October 1 including the hiring of the existing Library Supervisor as part of the contract for use within the system.

In neither document was the naming of the new library a point of discussion or agreement.

On July 28, 2009 Commissioner Gilpin suggested the name of the new facility as The Villages Public Library at Pinellas Plaza and gained consensus of the Board on the same. This followed the prior discussions of naming facilities after individuals.

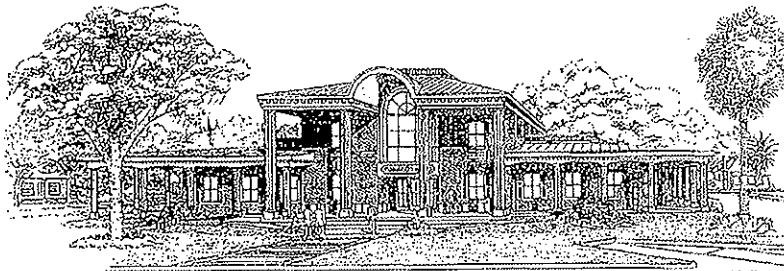

The City of Wildwood made the request to include Wildwood in the name of The Village Public Library at Pinellas Plaza on August 11, 2009 (see attached letter).

Due to the fact that the Board provided consensus on this item (The Villages Public Library at Pinellas Plaza) and considered the adopted name (as now showing on the architectural plans) and as discussed at the last workshop, the recommendation IF the Board wants to consider an alternative name THEN:

1. The BOCC should first rescind its action prior to considering a new name for the library.
 2. Options for consideration following the rescinding action (the existing name no longer considered) are as follows:
-

- A. The Villages Public Library at Wildwood
- B. The Wildwood Public Library at The Villages
- C. The Sumter County Public Library at Wildwood
- D. The Villages Public Library in the City of Wildwood

Mr. Bradley Arnold
County Administrator

Dear Mr. Arnold:

Last night at the City of Wildwood Commission Meeting, the Mayor and Commission discussed the proposed name, "Villages Public Library at Pinellas Plaza" for the new library which will be constructed at the southeast corner of CR 466A and CR 139.

They respectfully request the Board of County Commissioners consideration to incorporate "Wildwood" into the name of the new library in some way since it is the existing Wildwood Public Library that is being incorporated into the County through the Interlocal Agreement as well as it's location within the corporate limits of the City of Wildwood.

Respectfully,

Robert Smith
City Manager
